PURPOSE & OBJECTIVES

In Archirodon Group of companies ("**Archirodon**" or the "**Group**"), all our business activities are conducted having ethics and compliance at the forefront. Integrity, transparency and accountability are among our core values setting the standards for every aspect of our business operations. We believe that it is vitally important to conduct our operations in a manner that ensures that all our employees and Business Associates (*for further clarification on the terminology "Business Associates" see below section 1. Scope*) operates in a bribery-free and overall corruption-free environment.

The offering, provision, or acceptance of gifts, hospitality, donations and/or similar benefits to and / or from suppliers, partners or clients and in general Business Associates, may constitute or give an appearance of dishonest or unfair dealings. We have zero-tolerance for any act which amount to bribery and we do not offer or accept any kind of gifts, hospitality, donations or any other financial / advantage, item of value or similar benefit which attempt to illegally or improperly influence our or others' business decisions or outcomes and could reasonably be perceived as benefit.

This policy is in line with Archirodon's [Anti-bribery and Anti-corruption Policy](#) and [Archirodon Code of Ethics & Conduct](#)

For the purpose of this policy the term "**Gifts & Hospitality**" is interpreted broadly and also covers donations and other similar benefits and it means anything of material value, in tangible or intangible form of any kind including, but not limited to: gifts, services, hospitality, accommodation, meals, tickets, events, client representative or public official travel expenses, promotional expenses, entertainment, sponsorships, discounts for personal purchases, prizes, political or charitable donations, community benefits, training, club memberships, confidential and privileged information or any other kind of gift or personal favours.

We recognize and accept that the occasional offer/acceptance of a modest gift, entertainment or hospitality as shown below in Section 6, can make a valuable contribution to the development and maintenance of good business relationships. This policy does not prohibit offering or receiving gifts and hospitality as long as such gifts and hospitality are provided and received in compliance with this policy. This policy sets out what may or may not be given or accepted by way of gifts and hospitality and clarifies the rules governing any such offering or acceptance together with your reporting obligations.

4. Public Officials and Political Parties

Particular care must be exercised whenever you associate with public officials and political parties. Public officials are typically employees of national, regional, or local government, public bodies. They can include employees of companies owned or controlled by national, regional or local government as well as members of government (members of the parliament, ministers, and the like).

In principle, we forbid offering and/or accepting any Gifts & Hospitality to and from Political Parties and/or individuals in the public sector such as public officials, judicial officers and politicians, without a prior written approval from the relevant line Manager or Archirodon's Compliance Officer and relevant registration of such a gift in the Gifts & Hospitality Register.

Archirodon could undertake, whenever is needed, a due diligence on the political party, charity or other recipient to determine whether they are legitimate and are not being used as a channel for bribery (e.g. this could include searches on the internet or other appropriate enquiries to ascertain whether the managers of the political party or charity have a reputation for bribery or similar criminal conduct, or are connected with the organization's projects or customers).

In case of political or charitable donations, sponsorship, promotional expenses and community benefits Archirodon should public disclosure of the payment at least internally within the Organization.

In relation to client representative or public official travel, the below should be taken into consideration:

DESCRIPTION

5. Important Considerations

- ✓ We always have in mind and respect the cultural norms and customs of the countries and regions where we operate, but we do not compromise Archirodon's ethical standards or compliance obligations.
- ✓ We report and record any Gifts & Hospitality exceeding 50 US Dollars in 2 working days that we accept or offer in accordance with the approval procedure described below and thresholds specified in this policy.
- ✓ We must always use our common sense and professional judgment and we always consider the purpose, value, frequency, timing, and context of the Gifts & Hospitality and assess whether it is appropriate, reasonable, and compliant with this policy and the applicable laws and regulations; in particular, with respect to a hospitality gift, the appropriateness should be assessed taking into account the intended business purpose and the position of the giver and/or receiver.
- ✓ We seek guidance and approval from our manager or the Archirodon's Compliance Officer (compliance-officer@archirodon.net), whenever we are uncertain as to the appropriateness of a Gift & Hospitality or have any relevant questions.
- ✓ If we receive an unsolicited Gift & Hospitality that does not meet the criteria of this policy, we must politely decline it and return it, and inform the giver of Archirodon Policy. We must also report and record the Gifts & Hospitality to the Gifts & Hospitality Register as per this policy, even if we have already declined it in 2 working days.
- ✓ In the event of a business visit by the representatives/delegations from other Companies / Business Associates to Archirodon Offices and Sites, for which Archirodon intends to cover the relevant costs/expenses, the responsible Archirodon department must liaise with the visiting Company/Business Associate to ensure compliance with their applicable hospitality policies, if such policies exist, before making any booking arrangements (accommodation, travel, etc). The department responsible for liaising with the visiting Companies / Business Associates is the one within Archirodon which defines the necessity and purpose of the intended visit. This department must inform the Administration or Office Management Team, which will then proceed with the necessary booking arrangements. The purpose of this communication is to align with the other parties' anti-bribery system requirements, if they exist, and to avoid any unintended non-compliance with their policies.

DESCRIPTION

6. Reporting and Approval Procedure

We have established a particular “Gifts & Hospitality Register” (the “GHR”), which should be used to approve and disclose appropriate Gifts & Hospitality offered or received. Forms for the GHR are available on the ARCO IMSdigital and must be completed in 2 working days and with sufficient detail so it could be self-explanatory by an independent third party. We must provide at least the following information: the date, the name and role of the giver and the recipient, the description and value of the gift or hospitality, the business purpose and context, and the approval status (if required).

You are not obliged to record in the GHR any Gifts & Hospitality not exceeding the amount of USD 50, unless the conditions of the offering of any such Gift & Hospitality could be perceived clearly as bribery. The same applies for Gifts & Hospitality that are not accepted, even if it is not exceeding the amount of USD 50. When considering such conditions, you should always bear in mind the frequency of the offering/acceptance of Gifts & Hospitality between the involved parties, as relatively small Gifts & Hospitality can accumulate to a large amount if repeated, see below Table.

Any Gifts & Hospitality, either offered or accepted, the value of which exceeds USD 50,00 must be recorded in the GHR, while if the value of the Gifts & Hospitality exceeds the amount of USD 200,00, such Gifts & Hospitality are subject to the Archirodon's Compliance Officer approval which must be obtained prior to such offer or acceptance.

In exceptional and unavoidable circumstances, the recording and the approval of Gifts & Hospitality the value of which exceeds USD 50,00 may be requested retrospectively (e.g. when the employee receiving the gift is uncertain of the gift's value and believes that the denial of the gift could be interpreted as an offense from a local culture perspective) but in any case, within ten (10) calendar days of the gift being given or of the date of the event.

The gifts that have been received by Archirodon Employees, but the receiver wants to hand it over to Archirodon and not retain it, it could be provided to the Organization for display in public area. The same applies in the case of a gift that has been initially received, but eventually rejected by the line Manager or Archirodon's Compliance Officer, according to this Policy.

We must comply with the annual limits for accepting and offering gifts and hospitality, as specified in the table below. These limits are based on the cumulative value of the gifts and hospitality received or offered from or to the same source or recipient in a calendar year. If we exceed or are likely to exceed these limits, we must seek approval from the Archirodon's Compliance Officer and report and record the Gifts & Hospitality as per this policy.

DESCRIPTION

6. Reporting and Approval Procedure

Any customary gift (branded with the logo of Archirodon) that Archirodon provides to Business Associates will not be recorded in the Gift and Hospitality Register (GHR), as the initial approval has been received by the Management for their production. Customary gifts (branded with the logo of Business Associate) that Archirodon receives from a business associate, shall be reported in the GHR, if the value of each item exceeds the amount of 50,00 USD. In cases of receiving bulk customary gifts from a business associate, the Archirodon's employee that received the package will report in the GHR the total amount of the package and is not required by each Archirodon Employee that will receive one piece of this package.
